EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Marina Miller on September 8th, 2008.

The application has been amended as follows:

In claim 4, line 1, the comma has been deleted.

In claim 4, line 1, "comprising" has been substituted by --further comprising--.

In claim 4, line 2, "one selected" has been substituted by --one ingredient selected--.

The following is an examiner's statement of reasons for allowance: the closest prior art of record does not teach the claimed ether lactone of Formula (I). Eh et al. (US 6,573,391) teach ether lactones of similar structure to that claimed, wherein the most similar lactone is 2-ethyl-1,4-dioxacyclohexadecan-2-one (Column 2, Lines 48 – 58). This lactone and the claimed lactone are 16-membered rings comprising two oxygen atoms, one carbonyl group, and one methyl group. However, the placement of these atoms/groups on the rings differs, as well as the spacing between them. The claimed lactones are therefore not anticipated by Eh et al. Furthermore, modifications to the structure taught by Eh et al. would not have been obvious to a person of ordinary skill in the art. A seemingly simple change in oxygen or relocation of a substituent to a

different part of the ring would likely result in conformational problems in the lactone ring. Also, with regard to the use of the claimed lactone in fragrance compositions, a small shift in the chemical structure of a molecule could have a significant impact on its scent.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
